PREPARATION OF YOUR STAY

Budget

In Paris area, forecast a monthly budget from €700 to €900 will cover your expenses. Be aware that the first month, you will have to:

- Pay your deposit (equal to one month’s rent) which you will get back when you leave after inspection of the accommodation;
- Pay from one to three months in advance if you rent private accommodation;
- Pay for mandatory housing insurance;
- If applicable, pay for student social security (€215 in 2015-2016 for students under 28 years old), and select, sign up for, and settle up your private health insurance.

Private landlords will often require a guarantor in France i.e a person vouching to pay rent for you if you cannot do so.

If you are non-European, you will have to buy a €58 excise stamp to obtain a residence permit unless you have reached France with a VLSTS.

Our advice is to plan on a higher budget for the first month.
